

# THE Gleichen Call

Tenth Year, No. 7

GLEICHEN, ALBERTA, THURSDAY, MAY 4, 1916

Per Year \$1.50

## Gleichen 3rd Annual Stampede

Everybody is now talking about Gleichen's Patriotic Stampede and many give it as their opinion that there will be a greater attendance this year than at any yet held here. The chief reason advanced is that it is in aid of a such an excellent cause, and the next reason that the farmers and all others are more prosperous than last year and can better afford to spend a few holidays.

The Calgary daily papers and many of the weekly newspapers throughout Alberta have given most generous space to the announcement, which is greatly appreciated by the promoters.

A meeting of Stampede was held Saturday night and since several of the sub-committees have convened, but their plans are not yet sufficiently matured to permit of definite announcements. However, all report making excellent progress and that every one seems most willing to assist in making the third annual an unqualified success in every respect.

It is expected that Chas. A. Millie will open his office tomorrow in the sample rooms of the Palace Hotel, where full information may be obtained at all times.

It will require a little time to arrange the entire program as several new features are to be added to the excellent prize list of last year which it is believed will make this stampede the most interesting ever produced.

The cow boys and girls throughout the country are already limbering up their ropes and getting in training to carry off the prizes, and it is whispered that many new riders are already clamouring for entry forms.

The ladies of the various patriotic societies are now very active—and when the Gleichen ladies get busy it invariably spells SUCCESS for the cause. They are going to feed you, give you nice cooling drinks and make you dance—all the best in this fertile land.

No doubt A. P. Day of Medicine Hat will be here with his famous string of bucking horses as usual.

Thursday and Friday, June 14th and 15th, 1916

### Ladies Patriotic Meeting

At the meeting of the Ladies Patriotic meeting held on Wednesday afternoon of last week President Mrs. Cameron was president and the following members were present: Madames Millie, Hardwick, James, Bartsch, Evans and Walsh.

After approving of the previous minutes as read the following motions were duly passed:

That refreshments be served by the ladies of the Committee during the two days of the Stampede on June 14 and 15.

That meals, cafeteria style, be served in town and tea, coffee, ice cream, sandwiches, etc., be served on the grounds.

That small committees be appointed to make arrangements for serving refreshments during the stampede.

That the following ladies be asked to serve on the committees set up opposite their names.

Cafeteria, Madames Hardwick, Bartsch and Walsh.

Refreshments, Madames Millie and James.

Tag Days, Mrs. Jowett.

Dance, Madames Cameron and Evans.

That the next regular meeting be held on May 10th.

### 825,458 Bushels of Grain Received

It may be owing to the reports of the strike the elevator men at Fort William that the price of all grain has advanced during the past week, but the farmers of this district have been too busy seeding to pay much attention to grain hauling and market prices, with result that the local elevators have only taken in 10,479 bushels of wheat and 2,790 of oats. However, the elevator men are not worrying, as they have been able to ship out 18 carloads and will be ready to accommodate the farmers from now on as they have time to bring in their grain. This makes 825,458 bushels received here from last year's crop and 501 cars shipped from Gleichen and 33 from Stobart. Watch how quick the million mark will be passed.

### A Brief Sketch of Chas. Marshall's Life

#### A Member of Famous Fighting 10th

No more news has been received concerning the death of Pte. Charles E. Marshall at the front, excepting that the published casualty lists confirm the report, but it is hoped full particulars will soon be obtained. His mother in a brief letter to Jack asks him to try to have the grave marked and to get a photo of the resting place of her youngest child.

Of 155 former residents of Gleichen to enlist Charlie has been the second one killed, Mark Noddle being the first. He was also the third to be reported wounded.

Charlie was born near Toronto, Ontario, on a fruit farm, which is now almost in the limits of that city, and was 26 years of age on April 9th last.

When about two years old he came west to Beulah, Man., with his parents, and when his father died he came on west and reached Gleichen about seventeen years ago to reside with his brother J. J. Marshall.

At the age of fourteen, while, as he sometimes expressed it, "I was wearing knee-pants", he left here with a shipment of cattle of P. Burns & Co. for the Yukon.

Arriving at Dawson he inaugurated the first messenger service in that city and soon had a dozen boys on his pay roll.

The following year the gold boom started in Tanana, Alaska, and he started with dog-trains for Fairbanks, where he remained mining until 1908, and then made his way south to Seattle, and finally reached Gleichen the same year.

On his trip to Fairbanks he was accompanied by two of his brothers, Wint and Stanley. The former being a mate on a steamer plying between Juneau and Circle City and the latter the Fairbanks correspondent of the Dawson Midnight Sun.

Shortly after returning to Gleichen he started a photo studio, and soon became chief of the fire brigade and took a lively interest in every thing pertaining to the town's well-

fare, especially in games and sports.

In June 1913 he was taken ill with pneumonia and after several severe surgical operations the doctors gave him up in despair, but by careful nursing he recovered.

When war was declared Charlie was one of the first to enlist with the 50th Battalion and left with the first draft from Calgary for England on June 9th of last year, where he was drafted into the "Famous Fighting 10th", and on August 4th went into the trenches, where he remained almost constant until he was killed.

On March 12th he was struck in the head by a piece of rifle grenade but on the 22nd wrote from Boulogne, France, that he was out of the hospital and was anxious to get back into the trenches.

Besides many friends this brave young soldier leaves to mourn his demise his mother and brother York at Unity, Sask., and the following brothers and sisters:

Mrs. J. A. E. Beaupre (Calgary).  
Mrs. F. Knott, Los Angeles, Cal.  
Mrs. E. Hume, Victoria, B.C.  
Mrs. J. King, Saskatoon, Sask.  
Mrs. M. McDonald, Bras D'ore, Cape Breton.  
Mrs. J. McArthur, Winnipeg, Man.  
Mrs. A. Hitchcock, New Zealand.  
S. Marshall, Birch River, Man.  
Pte. Wint Marshall, Saskatoon.  
J. J. Marshall, Gleichen.

The meanest and most despicable character in any community is those men who are envious of others prosperity and are always heard speaking in a contemptuous manner of his neighbors and fellow citizens. We have a number in Gleichen.

Now-a-days when people want anything they look in the newspapers to find where to get it. If they want the services of a painter, a carpenter, a plasterer, a blacksmith or any other mechanic or tradesman, they expect to find a card in the paper. They look for it. If they find one the advertiser gets a job. Judicious advertising pays.

We are always glad to get local items, just such as you, reader, would like yourself and if you have any on hand at any time send them along.

### Coming Events

Charges are 25c per line under Coming Events heading unless otherwise advertised with the CALL.

May 10—The White Feather.

May 10—Ladies Patriotic meeting.

June 14 and 15—Stampede.

Women's Institute—First Wednesday in each month.

Monday—Ad. changes required by noon at CALL office.

Every Monday—Oddfellows.

Council meetings—First Friday in each month.

First Tuesday after the full of the moon—Regular meeting of Gleichen Lodge No. 36, A.F. & A.M.

Every Thursday—K. of P.

The Bennett & White Construction Co. expect to finish the T. H. Beach Harness Emporium block this week and have started work on the concrete foundation of J. A. Ramsay's Busy store.

You can not afford to miss the "White Feather" next Wednesday. It's the same company as played the "Red Feather" and they are "some feather" entertainers in this company. Don't show the white feather and miss a good thing.

The day will come when the dealer shall say, "I am sick of this." At the rising of the sun he goeth forth to his place of business and none interferes with his slumber. He sitteth all day like a bottle of castor oil, but people of shekels come not near him. He advertiseth not his wares and his place is forgotten on the face of the earth. He that sitteth like a bump on a log. He that knoweth not the ways of the printer!

As the summer months approach the pedler and the cheap auction man will be around in all his glory. He will tell you the smooth story about bankrupt stock that must be sold. But be not deceived. Remember your home dealer is here to make every promise good, and that he can always give you a better stock to select from.

### Namaka Jottings

The girls are thinking of forming a patrol of the Girl Guides. So during the midsummer holidays there is a likelihood of both girls and boys being profitably employed.

The boy scouts of Namaka are amalgamating with the Strathmore patrol under the leadership of the Rev. Bathurst Hall. W. G. Colpoys has consented to be patrol master for Namaka.

The dance in the I.O.O.F. hall last Friday night was voted one of the best ever put on in the hall. Several old friends came down from Gleichen including A. E. and Mrs. Hawthorn and Private Egles. The Strathmore music excelled itself.

The anniversary parade of the I. O. O. F. took place at Namaka on Sunday last. Between 30 and 40 Oddfellows marched in the procession wearing the regalia. The Rev. T. H. Bole conducted the service and preached on excellent sermon from the text "No man having put his hand to the plow and looking back is fit for the Kingdom of God". Solos were sung by Mrs. Bole and Mrs. Wooster. J. P. Lawrie violinist and C. Thompson cornet also assisted in the service. After the service Bro. Sim, N. G., spoke a few words to the Oddfellows and said how glad he was to see the brothers from Strathmore and Gleichen.

### CHALLENGE

Eastway, May 1st 1916  
To Jas. Young, Esq.

I hereby challenge you for \$500 to secure a man to scratch Ray from the turn loose, stampede rules to govern, you to name your rider to me 30 days before the 17th day of June. This ride to be made at Vulcan, Alberta on June 17th. Twenty per cent to be deposited on acceptance of this challenge, balance on day of the ride.

R. A. BOND

**Finish H.B. Railway in 1917**  
That the Hudson Bay railway will be completed in time for the 1917 crop shipment is the belief of the contractors. The summer construction

program includes plans to have the steel track laid to Kettle Rapids, 15 miles from Hudson Bay, by August. Construction of the cantilever bridge over the Nelson river at this point is expected to be finished in time to allow further steel laying before frost set in.

There is no poisonous ingredient in Holloway's Corn Cure, and it can be used without danger of injury.

"That hat, madam, makes you look ten years younger," said the modist. "Good gracious!" exclaimed the customer. "How old do you suppose I am?"

**Sunlight Soap** has a high standard of purity which is be-

ward of purity which is backed by a \$5,000 guarantee. This soap has no standard the manufacturer has no reason why it should also be of uniform quality, although it contains the best material available. It can be anything like as good as the soap *with* a standard.

# Sunlig

**King Presents Horse to Government**  
King George has presented to the Canadian government for remount breeding purposes the famous stallion Anmer. This is the horse that struck and killed the suffragist, Miss Davidson, who ran onto the track and clutched his bridle in the Derby three years ago. He is 15 years old. His sire, Florizel II., was a full brother to Persimmon and Diamond Jubilee, Derby and St. Leger winners for the late King Edward. Anmer's dam, Guinea Hen, was a famous brood mare.

member, I remember  
The house where I was born;  
A little window where the sun  
Came peeping in at morn.  
And hardly know the old place now,  
For dad is up-to-date,  
And the farm is scientific  
From the back lot to the gate.  
The house and barn are lighted  
With the brightest light I've seen,  
A engine in the laundry  
Is run by gasoline.  
We have silos, we have autos,  
We have dynamos and things;  
Telephone for gossip,  
And a photograph that sings.  
A hired man has left us,  
We miss his homely face;  
A lot of college graduates  
Are working in his place.  
An engineer's an engineeer and fireman,  
A chauffeur and a vet.,  
A electrician and mechanic—  
Oh, the farm's run right, you bet.  
A little window where the sun  
Came peeping in at morn  
Now brightens up a bathroom  
That cost a car of corn.  
A milkmaid is pneumatic  
And she's sanitary, too;  
I had got fifteen cents a quart  
For milk that once brought two.  
—The Courier

they could only be made to see that half their ills are caused by impure blood, it wouldn't take long to turn them with Dr. Hamilton's Pills into a wonderful medicine that invigorates, strengthens, renews. Every worn out woman that tries Dr. Hamilton's Pills will improve rapidly. It will have better color, increased appetite and better digestion. No better re-building tonic can be had than Dr. Hamilton's Pills which are safe, mild and health giving. Forty years Dr. Hamilton's Pills have been America's most valued family medicine, 25c per box at all dealers.

## Plagers in the War Zone Show Great Fortitude

in the past eighteen months we have seen in probably 200 different towns or villages, but the most peculiar of all was the little town of Hildesheim, a few yards from the German lines, yet the civilians still live in the town, though not always in their houses. A steep-sided, horse-shoeaped hill encloses the little valley in which the town lies, and the toe of the toe is toward the German lines. Three-quarters of the way up the side of the ridge is an outcropping of limestone, in which are many natural caves. The houses are built just in front of the caves, and the latter are used as stables, wine cellars and granaries. The brow of the hill is the site of a second line trench, so that the town is surrounded by troops and artillery horses. The civilians, however, try to live in the crumpled out-

We were in this sector only a week, but during that time the town was shelled every day, usually for half an hour between noon and four in the afternoon. At the sound of the first shell the troops and the women would take to the caves and wait until the bombardment was over. More dangerous than the bombs and shells were the shrapnel, the bullets and the bullets that rained into the town.

This constant shelling had demolished the church, schoolhouse and many of the dwellings of the town, but the parish priest moved both church and school into one of the caves, and there the children learned their lessons on week days and on Sundays gathered about their elders for the services of the church, secure from both bullets and shells.

The remainder of the furniture from the shattered church and school buildings had served to scantily furnish the cave. The unconcern with which the people of this village looked upon the ravages of war would have been a great surprise to me if I had not seen similar evidences of fortitude in so many other places.—Leslie's.

Minard's Liniment for sale everywhere.

Hydric acid was another vital explosive. Hydric acid is probably the most powerful explosive known. It is largely composed of one of the derivatives of coal tar, namely, picric acid. To convert and develop the explosive properties of this new discovery to the purposes of war was only a matter of time and experiment for the expert chemists. They did not labor in vain, for they found that by melting the picric acid crystals until they turned into a fluid of the consistency of cream, and then combining this fluid with gun cotton dissolved in alcohol, they had an explosive more terrifying and tremendous in its destructive powers than anything else known before or since.

**Asthma Doesn't Wear Off Alone.**—Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. D. Kellogg's Asthma Remedy taken early, will prevent incipient condition from becoming chronic and saves hours of awful suffering.

**Twins**  
"Well, doctor," said Mr. Yearwood to the medical man finally came forth, "how has the cost of living increased?"  
"Two-fold!" laughed the doctor, slapping the happy (?) man on the back.

**Second Choice**  
 "I hear that the Browns are going to lead the simple life this summer."  
 "That is news to me."  
 "That they are to live that way?"  
 "No; that Brown is so deeply involved."

Many farmers have considerable straw, but often have a limited quantity of other bulky feeds. It would not be practicable to cut down the amount of clover hay and alfalfa fed to the fattening steers and feed a little straw instead, thus providing a little more of the better feed for the dairy cows. The Indiana station has used oat straw extensively and finds that very good gains can be made with a combination of oat straw and corn. It is not difficult should be experienced in putting on a daily gain of at least two pounds or better, using a liberal ration of corn and an abundant supply of oat straw. Wheat straw, however, is not recommended as its feeding value is questionable. Of course, steers will eat it and even consume considerable quantities, but it amounts to simply filling material only. Furthermore, wheat straw will usually, in many cases, scour animals that are heavily fed on grain, and this always intercepts the making of satisfactory gains.

As the percentage of men in each

MEDICINE CO., TORONTO, ONT.** (Formerly Windsor, J.)

"Since the appeal of the French government to the people to bring their gold to the Bank of France," an English financial reviewer writes, "the really remarkable sum of fifty-two million sterling has been received. The granting of a certificate by the bank, stating that the bearer whose name was given in full, had deposited so much gold against notes, has proven a popular success."

# Chorea or St. Vitus Dance

Mrs. George Chisholm, R.R. No. 1, Grafton, Ont., writes: "I have used Dr. Chase's Nerve Food for my little girl for what the doctors pronounced Chorea, a disease of the nerves. I consulted our family doctor and he gave her a liquid medicine, but do what we would, we could not get her to swallow the medicine. The doctor advised the use of Dr. Chase's Nerve Food, and, being in pill form, she took it without any trouble. She was seven years old, and got pale and run down. The muscles of the face were affected, and she became a pitiful sight. She seemed to improve right along under this treatment, and was entirely cured by using six boxes. She is nine years old now, and you cannot find a larger, healthier-looking child for her age. I shall always be grateful for what Dr. Chase's Nerve Food has done for us, and I can recommend it to all nervous people. You are at liberty to use this statement, so that others may benefit."

In children nervous exhaustion frequently takes the form of rickets, St. Vitus' dance or fits. In less advanced stages there are nervousness, excitability and irritability.

All such conditions indicate the need of Dr. Chase's Nerve Food to enrich the blood and nourish the starved and depleted nerve cells. Being natural and gentle in action, and at the same time powerful in its restorative and reconstructive influence, this food cure is admirably suited as a treatment for weak, puny, nervous girls and boys. It makes them strong, hearty and robust, and enables them to develop into healthy and useful men and women.

50 cents a box, 6 for \$2.50, all dealers, or

Edmanson, Bates & Co., Ltd., Toronto.

Cross When He Came  
 "Did he come across?"  
 "I should say he did."  
 "And shell out?"  
 "I don't get you."  
 "Come across with the coin?"  
 "No; he came across the street and  
 snatched me one when I mentioned it."

### World's Horse Shortage

In the United Kingdom there was a reduction of 142,000 in the number of horses last year; in France there was a decline of a million in the last year and a half, and in Canada an increase of 48,000 in the year just ended.

"Cast your alfalfa before the swine and your wife will wear pearls," is the revised version given by a correspondent of the American Agriculturist.

**Twins**

The patriotic idea of the Stampede is gathering momentum daily. Are you doing your portion?

Let us hope that the improvements to the Gleichen cemetery has not been forgotten. Now is the time to plow fire guards and burn off the grass. The Catholic cemetery has already been improved considerably and as there is over \$80 in the town fund there is no excuse for delay.

## Agricultural Progress in Alberta

The following facts about agriculture in Alberta in 1915 are gleaned from the report of the Department of Agriculture as presented in the Legislature on April 18th. They tell a story of progress and prosperity.

A considerable portion of the report is devoted to crop conditions during the season. The large yields of 1915 are attributed to the encouragement given farmers to farm better and on a larger scale, and also to favorable weather conditions. The greatest increases in yields belong to the southern part of the province, where the rainfall (except in irrigated districts) has a great deal to do with the success of the crops. The average wheat crop of the province is now set down at 35 bushels per acre, compared with a ten year average of 20 bushels; oats 45 bushels against a usual average of 35 bushels, and barley 35 bushels against a usual average of 25.

Live stock interests are progressing favorably. The market for horses has not been high, although at the close of the year there was a strong demand for good working stock for Saskatchewan. Cattle prices, especially for pure-bred stock, were high, and likewise sheep and swine. During the year one of the best draft horse exports on the continent was added to the staff of the department.

Reference to the dairy industry shows a phenomenal increase in dairy work. The output of butter has passed the 7,000,000 pound mark. Formerly butter was imported from Australia into the province; now Alberta butter is being shipped to Australia. It is also going as far eastward as Montreal, and its high quality has won for it a favorable name on the market.

Interest in sheep has been very pronounced during the year. The price of wool has been from 50 to 70 per cent higher than in previous years; the marketing of wool on a co-operative basis by local associations, assisted by a Dominion Government grader, has helped to secure better prices for the farmer. New breeds have been introduced into the province, among them the Karakul sheep, which is grown for production of black lamb wool or fur.

The superintendent of women's institutes reports a rapid growth in the organizations of country women. The number of women's institutes increased from 42 in 1914 to 107 in 1915.

## Buy an Irrigated Farm From The CANADIAN PACIFIC RAILWAY BECAUSE:

Irrigation makes the farmer independent of rainfall, and insures good crops, not occasionally, but every year. Irrigation makes possible the successful culture of alfalfa, the king of feeders, which insures best returns in dairying and mixed farming. Irrigation means intensive farming and close settlement, with all the advantages of a densely populated agricultural community. Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied. You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$55 to \$75 per acre, with twenty years to pay and the privilege of a loan of \$2,000.00 for improvements (5% interest) no principal payment at end of first or second year and no water rental for first year. Assistance is also given in supplying stock in approved instances. This is the most liberal offer of irrigated farm land on record. Get full particulars from

## In The Matter of The Land Titles Act and

In the matter of a mortgage from Robt. J. Rowe in favor of the Imperial Life Assurance Company of Canada.

To the above named Robert J. Rowe:

You are hereby notified that the Imperial Life Assurance Company of Canada demands payment within one month of the 8th day of April, 1916, of the sum of \$1,186.75 together with interest thereon from the 31st day of January, 1914, at the rate of eight per centum per annum, which said sum is the amount due to the Mortgagee under a certain mortgage made by you in favor of the Mortgagee dated December 15, 1909, and registered in the Land Titles Office for the South Alberta Land Registration District as Number 5038-X on January 3rd, 1910, for securing payment on the sum of \$1000, and interest thereon as therein provided on the following lands being the North-West Quarter (N.W. 4) of Section Sixteen (16), Township Nineteen (19), Range twenty-one (21), West of the 4th Meridian, in the Province of Alberta, containing one hundred and sixty acres.

And take further notice that in case default in payment of the sum herein mentioned and interest thereon continues for the space of two calendar months from the 8th day of April, 1916, unless payment of the said above mentioned sum together with subsequent interest and costs of these proceedings be made within two calendar months from the said 8th day of April, 1916, the Mortgagee will proceed to sell and dispose of the said lands in accordance with the provisions of the Land Titles Act, and all remedies competent will be resorted to.

The Imperial Life Assurance Company of Canada.

## Production and Thrift

**CANADA'S CALL  
FOR SERVICE AT HOME**

### Produce More and Save More

before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

### Make Your Labour Efficient

possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

### Do Not Waste Materials

our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

### Spend Your Money Wisely

finance the war. Save your money for the next Dominion War issue. There can be no better investment.

## The Land Titles Act

Mortgage Sale of Valuable Town  
Property

Under and by virtue of the powers of sale provided by the Land Titles Act, under a certain mortgage which will be produced at the time of sale.

There will be offered for sale by public auction at the Post Office in the town of Gleichen in the Province of Alberta on Thursday, the twenty-fifth day of May, A. D. 1916, at the hour of two o'clock in the afternoon, the following property, namely:

Lots eight (8), nine (9), ten (10) and eleven (11) in Block "M" Gleichen in the Province of Alberta according to a plan of the townsite of Gleichen of record in the Land Titles Office for the South Alberta Land Registration District as 1465A.D.

Terms of sale to be 20 per cent. cash at the time of sale and the balance according to the terms and conditions to be made known at the sale or upon application to the vendor's solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save the reservations and conditions in the original grant from the crown and in the existing Certificate of Title and subject to the taxes for the current year.

The vendor is informed that the above property is situated in the town of Gleichen and has a frontage 400 ft. and a depth of 130 ft. to a lane while the improvements consist of a brick veneered house and a frame barn.

For further particulars and conditions of sale apply to Messrs. Taylor, Moffat & Moyer, Solicitors for the vendor at Calgary, Alberta.

DATED at Calgary in the Province of Alberta this 20th day of March, A. D. 1916.

TAYLOR, MOFFAT & MOYER,  
Solicitors for the Vendor.

Approved  
A. T. Kinnaid,  
Dep. Registrar.

## WINNIPEG MAYOR'S NOTE OF WARNING

Manufacturing, Rather Than Wholesale,  
Necessary to Build up Community—Convincing Statistics

In a recent speech to the Canadian Credit Men's Association, at Winnipeg, Mayor R. D. Waugh gave some very interesting statistics showing the deterioration of Winnipeg as a manufacturing centre. No one can accuse Mayor Waugh of being an exponent of protection or interested in manufacturing enterprise; he simply spoke as the civic head of the greatest city in Western Canada—and as a business man who analyses a source of economic loss to his community.

The mayor stated he might be too optimistic, yet he ventured the opinion that we in this favored land of Western Canada had passed through the critical period in the great economic crisis which the world is experiencing. He trusted that this period in our history would be the beginning of a new era of sane productive development of our great natural resources and possibilities. The promotion of manufacturing interests is one of the live topics of the day, and in this connection his worship gave the following facts and figures. These figures refer to the manufacture of goods in Winnipeg, and the importation of goods into Winnipeg, comparing the past two years:

1914	1915
Output of..	25% loss
Mfrs. .... \$ 43,000,000	\$32,000,000
Lab., hands .. 18,000	12 to 14,000
Wages ... 10,000,000	7,500,000
Imp. goods 140,000,000	.....
Total goods	.....
man. and	.....
Imported 183,000,000	.....

### Working Day and Night

It is a known fact that Eastern factories are working day and night to keep ahead of orders. Compare, for a moment, the citizens of Montreal, Toronto and Winnipeg, considering the estimated population, in 1914 and the value of manufactured products in 1914, and how much this amounts to per one hundred thousand population:

City	Est. Val.	For Every 100,000
Mon. 650,000	\$300,000,000	46,000,000
Tor. 450,000	200,000,000	44,000,000
Win. 200,000	43,000,000	21,000,000

This clearly shows that Eastern manufacturers are increasing their output tremendously per 100,000 population, while in Winnipeg we show a large decrease as compared with 1914. As closely as can be estimated Winnipeg will not average \$18,000,000 worth of manufactured goods per 100,000 people, or \$5,000,000 less than in 1914. In that year it was estimated that Winnipeg manufacturers employed approximately 18,000; in 1915 fourteen to fifteen thousand at the outside. Wages of the workers consequently will decline from \$10,000,000 to a little over \$7,000,000, with a corresponding decrease in the purchasing power of the individual.

In 1914, Winnipeg imported goods to the value of \$140,000,000. This makes a total of manufactured and imported goods of \$183,000,000. "If," said Mayor Waugh, "we could manufacture one-half of this amount in the city of Winnipeg, it would make a payroll, on the basis of these figures of approximately \$22,000,000, and instead of employing 18,000 people we would have over 40,000 at work in our factories."

### Buy Home Products

"Most of the food products made in Canada are manufactured under a government standard. Therefore, the goods made in Winnipeg are just as pure as those manufactured anywhere in the Dominion, furthermore, they are decidedly fresher and have less shrinkage, from the consumers' standpoint. If we are to be a greater commercial centre we must develop our manufactures and support our manufacturers by purchasing home products whenever possible."

These figures clearly indicated that we are unconsciously endeavoring to construct a warehouse city. We import \$140,000,000 of goods in a year—not for the consumption of Winnipeg, be it remembered, but for transshipment and resale to the urban and rural population of the Canadian West. That the vast proportion of this great Western order is not made in Canada would seem evident.

Comparison is at times a useful factor. In Western Canada we have neglected manufacturing and the building of the home market, consequently we must decrease the population of our cities, for the factory workman, if he can, follows the job.

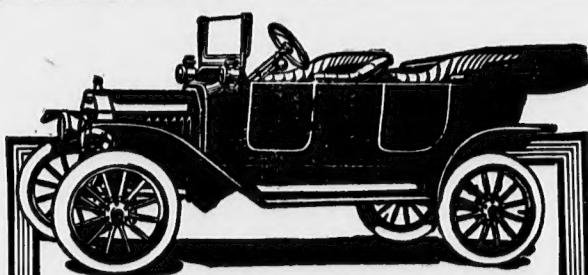

### Tariff and the States

A protective tariff has made the United States the wealthiest nation in the world. Doesn't it seem foolish to destroy the source of our national prosperity by turning it over to all the other nations of the world?—(Exchange.)

# AFTER SEEDING

is when Spring Buying Begins in Earnest

The rush on the farm is over and requirements are carefully thought over. This particular time after seeding is called the Mail Order Period, when parcels and cases begin to arrive for which cold cash has been paid and the home merchant gets the charged-up end of the stick.

This unfair treatment and opposition is hard to smile upon, but our ramblers for this always have worked very successful. So much so that we have secured a big share of mail order business, and have impressed upon our customers the important fact that they should in any case give the Home Merchant a chance to figure before they help to swell the \$12,000,000 which was paid out of Alberta last year never to return.

## Our Figures Count

All we can say is present your list at Ramsay's desk and if we can't keep a share of your money in Alberta there is something wrong.

### Overhauls and Gloves

PEARBOYS—Large shipment just hand. Worn by all lovers of good Overhauls and Gloves.

### Men's Shirts

This is where you get value for your money. We have an immense range. Prices running from 50c. up. Our \$1.00 shirt for every-day wear beats Alberta.

### Boys and Youths Suits

Complete a beautiful selection of Wash Linen and Kaki Suits. Prices \$1.25 to \$1.50.

## "The Busy Store"

### Shoes for Men

Our \$3.50, \$4 and \$4.50 are our greatest Spring Values, and are not built of shoddy either, for they are Anheuser or Williams lines.

### Men's Suits

\$12.50, \$15, \$18 and \$20. Also a beautiful range of samples for Men's Measure Suits. We are expert measurers and guarantee fit every time.

### Children's Ready-to-Wear

Spring Dresses and Coats in abundance

### Middy Waists

For Ladies and Misses. Also Misses. Ready-to-Wear Dresses, very pretty design.

### Stetson and English Hats

For Men. Very special value \$1.50, \$1.75, \$2.25, up to \$5.46 and \$8 for Stetson quality.

P.S.—The addition to our store is now being built. Our customers shall have to bear with us during this excitement. We will do our best to see everybody gets looked after.

J. A. RAMSAY

## LOCAL AND GENERAL

A number of Gleichen Oblivions attended the anniversary services and parade at Nanaka last Sunday afternoon.

W. R. Payne is said to be nicely improving although it may be some time before he will be able to leave the hospital in Calgary.

If you want to make the Stampede known to your friends send in your order for "Stampede Evening" to the CATL. Two package 25 cents.

A good housewife never opens the condensed milk can with her husband's razor, nor will a loving husband carry the horse with the no. 100 grater.

Now is the time to take a glance over your back yards and devise some plan to outdo the fruit cans and rubbish which have accumulated since the last installment was removed.

And now two of Gleichen's former school boys have enlisted, Walter James has joined the 113th Klites and Harry Landels the 18th Mounted. C. C. Ryan has also enlisted with the Klites.

Frank McKay and Mike Brown for little fellows made a great team excavating the new basement of the Bay Store, adding another store and greatly improving the street. Under single tax Frank's assessment cannot be greatly increased at least this year.

Geo. W. Evans now has positive information that his big stock of furniture will arrive within a few days and when he opens for business he is going to give his friends who have waited so patiently cash bargains they have never heard of in Gleichen.

It is stated W. Frank has secured a lease on the Griesbach Hall and intends making many improvements. Yesterday work was started to repair the roof and it is expected by the time the basement is reached this hall will continue to hold its reputation of being one of the most up-to-date in Alberta.

The other day a Gleichenite received a letter from a friend in Nebraska who was trying to give some idea of the probabilities of the soil there. He said that they had to mow the grass off the soil house floor every day to find the baby. One family near him had twin babies, with only one cradle and the kid that had to sleep on the floor grew twice as fast as the other. Where the soil is richest a man does not stand on one foot any length of time lest he become longer and bather his walking.

You generally judge the occupants of a house by the condition in which the front and back yards are kept. Therefore clean up your yards.

Gleichen was singularly honored in the Calgary News-Telegram subscription campaign throughout Alberta, in which Miss Beulah MacMillan and Master Willis Taylor each were awarded Maxwell autos.

Geo. Gleichen was honored for the News-Telegram as a person intelligent people read and Gleichenites were more numerous than any other district, which little Beulah and Willis showed the paper. But we must not let the News-Telegram think the credit all belongs to them, not for any reason. That paper may not only bring to get two such popular young people. Now, we won't say any more until Beulah takes us for this ride she promised; and she brought the car down Sunday.

## THE CANADIAN BANK OF COMMERCE

SIR EDMUND WALKER, C.V.O., LL.D., D.C.L., President  
SIR A. H. C. MACDONALD, Vice-President

A SOCK WITH A HOLE IN IT, UNDERWEAR THAT HAS "SEEN BETTER DAYS," SUSPENDERS THAT HAVE LOST THEIR "STRETCH," A TORN COLLAR, A WORN NECKTIE OR A KNOCKED-OUT OLD SHIRT CAUSE YOU UNNESGARY UNHAPPINESS.

YOU CAN GET NIFTY, NEW FURNISHINGS AT OUR STORE. TUNE UP YOUR SUPPLY AND COME TO THE "TONY" STORE FOR THEM.

## Hicks Trading Co.

Add to the appearance and safety of your house by building a BRICK Chimney. A fine lot of pressed brick just in.

Lime and Cement Always on hand  
C. B. HYNDMAN  
AGENT, GLEICHEN.

YOU ONLY NEED TO TELL US WHAT YOU WANT. LEAVE THE QUALITY AND THE PRICE TO US.

OUR GROCERIES ARE THE "SUPERIOR" QUALITY. WE FEEL THAT IT IS A "CRIME" TO SELL POOR THINGS TO EAT. DOING THIS IS EQUAL TO SELLING POISON, BECAUSE "PURE FOOD IS" A SLOW "SURE POISON."

OUR PRICES ON GROCERIES ARE LITTLE, BECAUSE WE SELL BIG QUANTITIES OF THEM.

## FRED W. JONES

You know as well as we, but you put off taking out a policy. Why? You'll be provoked at yourself the day after the fire that sweeps away your savings if they are not insured. What earthly excuse have you for not seeing us to-day? We await your answer.
